

Michael Møller

Selvstændig IT-konsulent | Modern Workplace · Endpoint Management · Enterprise Automation
<https://www.linkedin.com/in/mokka83/>

Profile

Selvstændig senior IT-infrastruktur- og Modern Workplace-konsulent med mere end 15 års erfaring i at designe, drifte og modernisere enterprise-miljøer for endpoints, deployment og cloud.

Jeg følger opgaver fra krav og design gennem implementering, pilot, UAT og driftsleverance til teknisk eskalationssupport.

Udvalgte konsulentopgaver

Senior SCCM Specialist - Rheinmetall AG

Maj 2026-Nu | Independent Senior SCCM Specialist

Bidrager til den fortsatte professionalisering og udbygning af Configuration Manager-backendtjenester under et IT-infrastruktur-insourcingprogram.

- MECM/SCCM platform architecture and operations
- package standards, client repair, and operational automation
- backend security, maintainability, and scalable service design
- technical enablement and escalation support for Level 2 teams

Senior Modern Workplace Architect - AS-Consulting

Januar 2026-Juni 2026 | Independent Senior Modern Workplace Architect

Leverede end-to-end Modern Workplace-løsninger i kundemiljøer med fokus på macOS, iPhone, Android, deploymentværktøjer og pakkestrategi.

- Apple, Android, and surrounding modern workplace environments
- endpoint deployment tools and application packaging
- requirements, design, implementation, pilot, and UAT

Senior SCCM Consultant - AXA Konzern AG

Marts 2024-Nu | Independent Senior SCCM Consultant

Drift og modernisering af enterprise-SCCM-infrastruktur samt levering af projektbaserede forbedringer.

- SCCM/MECM backend operations and optimisation
- Windows deployment modernisation and MDT phase-out
- process improvement, automation, and operational resilience
- transition planning toward Intune and modern management

Senior Cloud Infrastructure Architect / Modern Workplace Architect - Rheinmetall AG

Juli 2024-Juli 2025 | Independent Senior Cloud Infrastructure Architect / Modern Workplace Architect

Designede og implementerede robuste, sikkerhedsorienterede cloud- og endpoint-management-arkitekturer til kritiske infrastrukturen.

- Intune architecture, policy management, and hardening
- NIST and ISO/IEC 27000-aligned MDM architecture
- offline MECM architecture for complex manufacturing infrastructure
- security, regulatory requirements, and enterprise-scale design

Client Solutions Manager - Mercedes-Benz Group AG

Januar 2023-Juli 2024 | Client Solutions Manager

Leverede og drev tekniske løsninger for R&D-afdelinger, koordinerede leverandører, håndterede rapporter og leverancer.

- solution delivery and vendor coordination
- ServiceNow, change management, Microsoft 365, and Intune
- stakeholder communication and technical advisory
- Windows 11 migration support

Senior IT Consultant - UniCredit S.p.A.

January 2023-December 2023 | Senior IT Consultant

Kundesikker konsulentbeskrivelse inden for workplace, endpoint management, incidents, deployment og application management.

Senior IT Consultant - BTC Business Technology Consulting AG

January 2023-September 2023 | Senior IT Consultant

Kundesikker konsulentbeskrivelse inden for workplace, endpoint management, incidents, deployment og application management.

Senior End User Compute Engineer - AVEVA

September 2022-December 2022 | Senior End User Compute Engineer

Kundesikker konsulentbeskrivelse inden for workplace, endpoint management, incidents, deployment og application management.

Senior SCCM / Intune Implementation Specialist - AVEVA

December 2021-September 2022 | Senior SCCM / Intune Implementation Specialist

Kundesikker konsulentbeskrivelse inden for workplace, endpoint management, incidents, deployment og application management.

Senior Modern Workplace Consultant - Provectus Technologies GmbH

January 2021-December 2021 | Senior Modern Workplace Consultant

Kundesikker konsulentbeskrivelse inden for workplace, endpoint management, incidents, deployment og application management.

Senior Windows 10 ICT Specialist - UniCredit S.p.A.

February 2019-February 2020 | Senior Windows 10 ICT Specialist

Kundesikker konsulentbeskrivelse inden for workplace, endpoint management, incidents, deployment og application management.

Expertise

Endpoint Management & Modern Workplace

- Microsoft Intune og Endpoint Manager
- Windows 10 og Windows 11: deployment og management
- enterprise-management af macOS, iOS og Android
- Autopilot og moderne provisionering

SCCM / MECM arkitektur & drift

- SCCM/MECM-arkitektur, administration, distribution, rapportering og fejlsøgning
- Windows-deployment, imaging, PXE, task sequences og MDT-transition
- applikationspakning, lifecycle management og deploymentstandarder
- WSUS og patch-management-processer

Security hardening & driftsarkitektur

- Active Directory og Microsoft Entra ID / Azure AD
- security hardening og policy management
- NIST- og ISO/IEC-27000-orienterede arkitekturprincipper
- design af incident-, change- og driftsprocesser

Cloud, virtualisering & enterprise-platforme

- Azure-administration og cloudinfrastruktur
- VMware, Hyper-V, Citrix VDI og application virtualisation
- ServiceNow, Remedy, Service Manager, Omnitracor, KACE og Sysinternals

Windows-deployment, pakning & automatisering

- PowerShell, batch, VBScript, SQL, Python, C, C# og HTML
- applikationspakning fra krav til UAT
- automatisering til driftsrobusthed og eskalationssupport

Applied AI & Automation

- lokale og cloudbaserede LLM-workflows
- koncepter for agentbaseret automatisering
- eksperimenter med computer vision og generativ AI
- praktisk brug af AI-værktøjer til dokumentation, research og teknisk automatisering

Education

Data Technician, EUC Syd, Sønderborg, 2006

IT Supporter, EUC Syd, Sønderborg, 2003

Selected Certifications and Training

- ITIL Foundation
- MCSA: Windows 8
- Microsoft Exam 70-698: Windows 10
- Microsoft Certified: Azure Administrator Associate - certificeringsstatus skal bekræftes før offentliggørelse
- Administering and Deploying System Center 2012 Configuration Manager (70-243)
- Microsoft SCCM-relateret træning
